POPIS

Ústředním tématem navrhovaného vizuálu pro letos již 37. ročník Letní filmové školy je rozvinutí hesel LÉTO, FILM & ŠKOLA a jejich piktogramické zobrazení, které tvoří samostatně použitelné grafické logo. Plakáty jsou koncipovány do série, která by byla vylepována postupně s blížícím se začátkem LFŠ. Pracují především s jednotlivými symboly a graficky gradují k plakátu poslednímu, který by byl vylepován těsně před zahájením LFŠ a obsahoval slogan “Filmový ráj čeká.”

Had on the chains! Let the engine go, enter! The vest fiddles here you drive their duty. The ground under both of the hunched white clothes like a machine landscape. The vast white land.

"You have been asking for water for the last hour," he said. For a moment he was silent, taking a look at each other. I dare say he found me a strange enough figure, naked, save for my water-soaked trousers and socks, scolded, and my face and shoulders blackened. I hadn't heard of anything of that nature, but I thought best not to admit it. Give away the pain, it will relieve you.

But how easy and how hopeless to teach these fine things! Of erections, how few are domed like St. Peter's! of creatures, how few vast as the whale!

Haul in the chains! Let the carcass go astern! The vast tackles have now done their duty. The peeled white body of the beheaded whale flashes like a marble sepulchre; though changed in hue, it has not perceptibly lost anything in bulk. It is still colossal. Slowly it floats more and more away, the water round torn and splashed by the voracious sharks, and the air vexed with rapacious

flights of screaming fowls whose beaks are like so many insulting poniards in the whale. The vast white headless phantom floats further and further from the ship, and every square rood of sharks and cubic roods of fowls, augment the murderous din. For hours and hours from the almost stationary ship that hideous sight is seen. Beneath the unclouded and mild azure sky, upon the Fair face of the pleasant sea, wafted by the joyous breezes, that great mass of death floats on and on,

till lost in infinite perspectives. There's a most doleful and most mocking funeral. Thus, while in life the great whale's body may have been a real terror to his foes, in his death his ghost becomes a powerless panic to a world. Are you a believer in ghosts, my friend? There are other ghosts than the Cock-Lane one, and far deeper men than Doctor Johnson who believe in them. It should not have been omitted that previous to completely stripping the body of the leviathan, he was beheaded. **NOW, THE BE-**
